

Halloween Papercraft

By Jess Deacon

Print out and build your own papercraft masks and monster theatre this Halloween!

The series includes: 3 masks and a monster theatre (complete with 3 monsters) with instructions on how to construct each one.

#2 Crow Mask

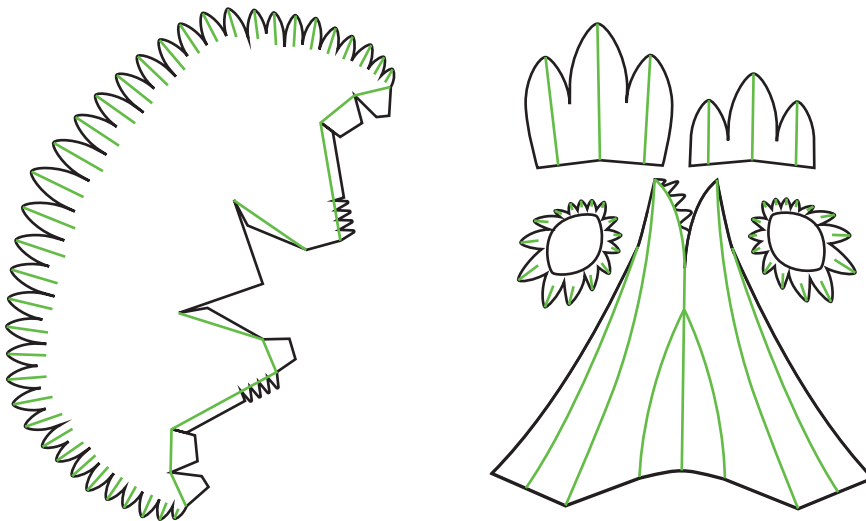

Halloween Papercraft

By Jess Deacon

#2 Crow Mask instructions

- 1 Cut out all parts. Use a craft knife for best results. Also cut out the internal shapes on part 1, 5 & 6.
2. Carefully fold along all fold lines (see key). Before folding it is recommended to score the line lightly with a craft knife or a ballpoint pen that no longer has ink in it. This will make folding easier and more precise. The fold lines might be tricky to see so please refer to the reference below.

3. Glue tab 1A behind side 1B.
4. Glue tab 1C behind side 1D.
5. Glue tab 1E behind side 1F.
6. Looking carefully at the fold lines, gently mould part 2 into a beak shape, glueing tabs 2A behind side 2B to make the pointed end.
7. Glue tabs 1G behind side 2C and glue tabs 1H behind side 2D.
8. Glue tab 1I behind side 2E and glue tab 1J behind side 2F.
9. Glue tab 1K behind side 2G and glue tab 1L behind side 2H.

#2 Crow Mask instructions

10. Glue tab 1M behind side 2I and glue tab 1N behind side 2J.
11. Glue part 3 to part 1 where labeled. Only put glue on the bottom third so that the feathers stick out from the head.
12. Glue part 4 onto part 3 where labeled. Again, only put glue on the bottom third.
13. Glue parts 5 and 6 onto their corresponding eye holes (these are labeled).
14. To make the headband of the mask: attach the tabs of parts 7 to the insides of the mask, checking that they are at a suitable height for you head when wearing the mask. Once these are firmly in place, place the mask on your face and pull the ends round to the back of your head and fix together (you can use a paperclip or a piece of masking tape to allow further adjustments). Trim excess paper from the ends if necessary.
